

Panorama of "dunes Sainte Marguerite" beach

If the plugin DevalVR 3D is not installed on your PC, a link will appear asking you to download:

1. download the executable
2. install the plugin by running the executable devallvr_installer.exe (it is only 380 KB)

You can then navigate into the panorama.

{devalvr panorama_dunes_stmarguerite.mov 800 320 ""}

Try the "Full Screen" (button at the bottom right of picture)
