

## **Panorama of the beach and the location (a view from the dunes)**

If the plugin DevalVR 3D is not installed on your PC, a link will appear asking you to download:

1. download the executable
2. install the plugin by running the executable devallvr\_installer.exe (it is only 380 KB)

You can then navigate into the panorama.

{devalvr panorama\_plage\_brouennou.jpg 800 320 ""}

Try the "Full Screen" (button at the bottom right of picture)

[See all the panoramas](#)
